

2) For use by students who are prohibited from attending school due to having returned to Japan or entered Japan from overseas

[For the duration of the COVID-19 response]
May 2021

If you have been prohibited from attending class because you have returned to Japan or entered Japan from overseas, please use the Health Management Chart to monitor your health. If you have displayed no symptoms 14 days after returning, (counting the day of your return as day one), fill out this form and submit it to the office at your affiliated school or graduate school (or CIEC, if you are an international student at KGU through a student exchange agreement, or a short-term international student at KGU through a CIEC-operated program).
 *If you have been diagnosed with COVID-19, obtain a Notification of Release of Employment Restrictions from a public health center or other institution (the name may vary by municipality) and submit it.
 *If you have been diagnosed with another school-designated infectious disease, use the regular School Attendance Permission Certificate for Students with a School-Designated Infectious Disease. *If you have been prohibited from attending class because you have a fever and/or cold symptoms, use the Report on Cold-Like Symptoms*If you have been prohibited from attending class because you have been ordered to remain at home by a public health center or other facility or there is a suspicion of close contact with an infected person, use the "Notice of Completion of Health Monitoring for close contact with an infected individual".
