[Note]1. In universities where the doctoral degree program is divided into a first half and second half, enter data for the first half in the master's degree program column, and data for the second half in the doctoral degree program.
    For five-year consolidated doctoral degree programs, enter data in the doctoral degree column.

2. Label professional degree programs with (Professional Graduate School) next to the name of the graduate school or department and enter data in the column corresponding to the type of degree awarded.

3. Students registering for single courses, students auditing courses and researchers are not included as enrolled students.

4. In the C/A and D/B columns, round up at the second decimal place.
