4. The Area and Size of Laboratories and Training Rooms for Students in Each Graduate School　　　As of 2011/5/1

(Table 39)

Room Name and Purpose	Rooms	Total Area (m²)	Capacity (Total)	Area Divided by Capacity (m²)	Graduate School Using the Room	Note
Laboratory and Training Rooms	1	23.14	5	4.63	Graduate School of Humanities	
Laboratory and Training Rooms	1	79.50	10	7.95	Graduate School of Sociology	
Computer Laboratory	1	38.76	12	3.23	Graduate School of Economics	
Computer Laboratory	1	17.05	8	2.13	Graduate School of Business Administration	
Computer Laboratory	1	42.94	10	4.29	Graduate School of Human Welfare Studies	
Laboratory and Training Rooms	2	52.20	3	17.40	Graduate School of Education	
Computer Laboratory	1	42.00	10	4.20		
Laboratory and Training Rooms	69	5,288.54	793	6.67	Graduate School of Science and Technology	
Laboratory and Training Rooms	2	227.42	116	1.96	Law School	
Computer Laboratory	1	98.78	48	2.06		
Laboratory and Training Rooms	1	14.16	6	2.36	Institute of Business and Accounting	
Computer Laboratory	1	117.79	32	3.68		
Total	82	6,042.28	1,053	5.74		

[Note] 1. In principle, organize information by graduate school.

2. Enter a name for each room which clearly indicates the purpose of the room in the "Room Name and Purpose" column.

3. When a room is used by multiple graduate schools, enter the name of those graduate schools in the "Graduate School Using the Room" column and do not record the same facility in duplicate on the table.

4. Enter "duplicate" in the "Note" column when recording laboratories and training rooms in this table that were previously recorded in "2. The Area and Size of Lecture Halls and Seminar Rooms in Each Undergraduate and Graduate School" (Table 37) or "3. The Area and Size of Laboratories and Training Rooms for Students in Each School" (Table 38).

5. Record information about the installation and upgrading of facilities and equipment for laboratories and training rooms in an inspection and evaluation report.
