[Note] 1. For the number of Full-Time and Part-Time Staff, enter the number of those who are qualified to be a librarian in parentheses as an included number.

2. Do not include the number of local resident users and the number of books loaned by them when the library is open to the public in the number of annual users and loaned books, and record the usage of students and faculty.

3. If there are other time zones than the above-mentioned ones for the Hours of Opening, create a table.

4. For "No. of Annual Users (Total)" and "No. of Books Loaned Annually," if the breakdown is grasped for teachers, staff and students respectively, enter it in parentheses.
