Entrance Examination for International Students

About Kwansei Gakuin University

Kwansei Gakuin University was founded in 1889 by Dr. Walter Russell Lambuth, an American missionary from the Methodist Episcopal Church, South. The University has had a long tradition of accepting international students and an openness to internationalization, as shown by the large number of international teaching staff within its faculties. Globalization has encouraged large numbers of our students to study abroad as well as facilitating the inward flow of international students into Japan. Kwansei Gakuin University has long been highly receptive to international students, while its School of International Studies (SIS) has planned from the outset to have a vibrant English-speaking international student community on campus.

Accordingly, the SIS offers a variety of different types of entrance examinations, which are designed to facilitate the acceptance of a diverse range of English-speaking students, while offering a substantial part of its curriculum in English.

We expect the international students who express an interest in studying at the SIS at Kwansei Gakuin University to become “world citizens” who support and serve not only their home country but also utilize their knowledge and experiences gained at Kwansei Gakuin University for the benefit of humanity as a whole.

<Admission Information>

1. **Expected Intake**

| Examination Type | Eligible Applicants | Intake |
|----------------------------------|--|-------------|
| First Examination* ¹ | Applicants whose first language is English or who meet our English proficiency requirements. | 15 students |
| Second Examination* ¹ | | |

*¹ Applicants who applied for First Examination can also apply for Second Examination.

Students who pass the First Examination and Second Examination will both be admitted to the SIS in April; September admission is not offered.

Students who are admitted to the SIS through this admission process will be enrolled as “English-based International Students.” English-based International Students are those whose first language is English or who have a demonstrable high level of English as their second language, and must take the Japanese language course as a compulsory first foreign language.

The second foreign language courses are not available to those students. Participation in study-abroad programs is not a requirement for graduation as it is for regular Japanese students. Those who wish to participate in such programs may do so with the understanding that they may not be able to graduate in four years.

2. **Qualifications of Applicants**

Those who have a strong desire to study at the School of International Studies are eligible to apply, and they must satisfy the following criteria:

- (1) Applicants must be at least 18 years of age at the time of enrollment and have completed or are expected to complete their 12 years of formal education by March 2024 at an educational institution overseas.

Additionally, applicants who meet either one of the conditions below are also eligible to apply for this program.

- a) Applicants who have enrolled for total of 4 years or less at elementary, junior and high schools under the School Education Act of Japan.
- b) Applicants who have enrolled for total of 2 years or less at junior high and high schools under the School Education Act of Japan.

*We may consider those enrollment periods, which they enrolled in educational institutions accredited by MEXT (Ministry of Education, Culture, Sports, Science, and Technology, Japan) in overseas, as they had enrolled in elementary, junior high, and high schools under the School Education Act of Japan.

- (2) Applicants whose first language is not English are required to satisfy one of the following English proficiency requirements:

A minimum score of TOEFL iBT® TEST 71, TOEIC® L&R TEST 730, IELTS 6.0, and EIKEN pre-first grade or higher. These test scores must be taken within two years prior to application except for EIKEN.

*A score of the TOEFL iBT® Home Edition is NOT accepted.

(Note)

1. In this admission, “applicants whose first language is English” shall be defined as follows:

Those who have completed (or are expected to complete) 12 years of formal English-based education in the U.S.A., Canada, U.K., Australia, or New Zealand, and who have graduated (or are expected to graduate) from a high school. Applicants who are currently enrolled in or have graduated from an international school in a country other than the above-mentioned countries will not be regarded as “applicants whose first language is English.”

2. Applicants must fulfill the above English proficiency requirement to demonstrate their ability to participate in lectures and seminars conducted in English. It is also advisable that they have a working knowledge of the Japanese language.
3. We acknowledge that each country has its own unique system of formal education. If you have any inquiries concerning your eligibility, please contact the SIS office (kgusis@kwansei.ac.jp) at least one month before the application period starts.

4. Following successful admission to Kwansei Gakuin University, applicants must complete their “homework assignments” (preparatory study materials) before commencing their studies at the SIS. Details will be provided to each successful applicant at a later date.
5. TOEFL® and TOEIC® are registered trademarks of Educational Testing Service (ETS). This publication is not endorsed or approved by ETS.
